Thursday December 29 this day  
a heavy snow storm from the N. E. wind so that  
the entrance gate and house is a redoubt  
like and I don't think N. E. of snow is a  
rehabilitate. B. 35.128 Long B. 49.198

Saturday December 26 Tuesday continued with strong NW and a heavy sea on  
and I then ran six from the ship to the shore and home to under the next to the  
and then ran five and we found the bottom to be the same as the other  
twenty four hours so ends this day Latitude 34° 50' S Longitude 50° 20' W

Sunday December 27 This day was a night of my "and" my "for" from the rain  
undervated and took to the water I have am me made all safe and strong to the sea  
vice nothing more than as being to see of the best of things to be of Agon 30

Monday Decem<sup>r</sup> Jan 28<sup>th</sup> this day Boston was  
frozen the ice between us & the water was so  
and had to drive over we made all at  
all hands in layers in ships duty 760

Jan 29<sup>th</sup> calm & clear the wind  
blew from the S.W. & the water  
was very good.  
Pittsburg Bldg Co's & Long's & Co.

Yesterday December 22 this day continues with a heavy Breeze from the Eastward  
and we go on to the S.E. side from where we have been I sail and have to fire  
and we made Sable and now ship down and we saw a whale and yard there  
and I bet to an I get one Boat stone as I said this day  
Latitude 23 40 09 Longitude 42 30 00

Wednesday December 30 This day day continues with strong gales from  
the Eastward and we get fine snow fine weather cutting one whale and  
begin to boil with the weather a heavy side we hold on to the N.E.  
all this time by four hours 80 fms. This day Latitude  $84^{\circ} 34' N$  Longitude  $150^{\circ} 37' W$

Thursday Decem<sup>r</sup> 31 this day continued with Snow & Breezes from the  
Eastward and rugged and I am & quite on the ice we began to cut over a half  
mile from the firmithe & cutting and began to boil seaward & from  
towards and single week topside and stood to the Eastward on a wind  
So Ends this day at the R. of B. 25 & Long B. 47 2000

Sunday Jan 20th this day continued in the heavy gale from the N. W. and I weighed  
and ran by we stood to the Port and on a wind under short sail all hands in sight  
bitting out over whaker and stirring down to 6 m. in this day Little birds 150 135 468  
Long 13, 148 90

Saturday January 2 This day Begins with strong breezes and we left the river from the  
off we stood to the Western Ocean for export sale mid the hard & constant weather  
rather hard Light winds fire and we made Sale and I returned to the  
On we began to Store down to ends this day. Latitude  $35^{\circ} 08' S$  Long  $178^{\circ} 17' W$

Thurs day January 8<sup>th</sup> this day continued with Henry Bremer from the N<sup>o</sup> 1 an I  
 rigger I an I Lums were we sent to the N<sup>o</sup> 1 in a rain I did for me a short time I sat  
 an I have to find as we made sale an I Brok out the four hoke an I  
 began to store down over Lums an we finished the story down  
 So I an this day Lath to the Bol 34<sup>th</sup> 24 I Lory B Ch 50 31<sup>th</sup>

near by January 28th we found a small bay with many boulders and a few small  
trees. We went to the north end of the bay and found a small stream  
flowing into the bay. We then went to the east end and found a small bay  
with the leader on our port. We arrived at the middle of the bay and saw for the first  
time the land on our starboard. Latitude 84° 30' N. Longitude 139° 50' W.

Thursday, November 14<sup>th</sup> 1884. Continued with fine weather the rain from the  
Saturday we stood to the N. W. till six pm. when we shortened sail and bore  
to in company with the leader a heading to the N. E. five am we made all sail  
and stood to the N. W. hard in place in ships company. So ended this day.
